

Grand Parkway Infrastructure
Design-build Contractor for TxDOT

Grand Parkway Segments H, I-1 & I-2

Construction Update

Although physical signs of construction in some areas will not be evident until later this year; there are many project activities underway. Grand Parkway Infrastructure in coordination with the Texas Department of Transportation (TxDOT) is in the process of acquiring the necessary rights-of-way, finalizing the overall design and relocating utilities. We encourage the public to [sign up](#) for e-alerts and follow us on social media.

A project website is currently being developed and once launched will be promoted so that everyone has access to as many resources as possible to stay up to date on progress.

Introducing Janice Hayes

Grand Parkway Infrastructure would like to welcome Janice Hayes. She joins us as the Public Relations Manager for the Grand Parkway construction project, Segments H, I-1 & I-2.

Please feel free to contact Janice with any questions about the project or to setup a meet and greet.

She is excited to get involved in the local communities impacted by the project and be a liaison for construction updates.
