

SH 99 Grand Parkway Segments H, I-1 & I-2

Official Project Website is Now Live

www.sh99grandpkwy.com

After several months of planning, Grand Parkway Infrastructure (GPI) is pleased to announce the launch of the official SH 99 Grand Parkway - Segments H, I-1 and I-2 Project website.

The streamlined user interface allows you to browse within the website based upon your own interests for the most up-to-date information regarding construction.

Mobility in the Greater Houston area will get a significant boost with the next stages of construction on the 104-mile Grand Parkway highway project.

Field Clearing - Hwy 59/69N near SH 99 GrandPkwy

If you have travelled through the New Caney or Porter area lately, you may have seen heavy equipment removing trees and debris near Hwy 59/69 N going east passed Loop 494. The first phase of this clearing process, which is now substantially complete, was needed to begin pre-construction for SH 99 Grand Parkway - Segment H.

Updated information on the project will continue to be available on Twitter ([@Sh99GrandPkwy](https://twitter.com/Sh99GrandPkwy)) and Facebook ([SH 99 Grand Parkway H&I Construction](https://www.facebook.com/Sh99GrandParkwayH&IConstruction))
